Except with respect to defaults of consultants, the subgrant recipient will not be in default by reason of any failure in performance of this agreement according to its terms (including any failure by the subgrant recipient to make progress in the execution of work hereunder which endangers such performance) if such failure arises out of causes beyond the control and without the fault or negligence of the subgrant recipient. The review of the subgrant recipient agreement does not constitute approval of consultant contracts.

**12. Performance of Agreement Provisions**

In the event of default, non-compliance or violation of any provision of this agreement by the subgrant recipient, the subgrant recipient's consultants and suppliers, or both, the Department will impose sanctions it deems appropriate including withholding payments and cancellation, termination or suspension of the agreement in whole or in part. In such an event, the Department will notify the subgrant recipient of its decision thirty (30) days in advance of the effective date of such sanction. The subgrantee assures that the facilities under its ownership, lease or supervision which will be utilized in the accomplishment of the Program Purpose are not listed on the EPA's list of Violating Facilities and that it will notify the Department of the receipt of any communication from the Director of the EPA Office of Federal Activities indicating that a facility to be used is under consideration for listing by the EPA.

**30. Flood Disaster Protection Act**

The subgrantee will comply with Section 102(a) of the Flood Disaster Protection Act of 1973, Public Law 93-234, 87 Stat. 975, requiring that the purchase of flood insurance in communities where such insurance is available as a condition of the receipt of any federal financial assistance for construction or acquisition purposes for use in any area that has been identified as an area having special flood hazards.

**31. National Historic Preservation Act**

The subgrantee will assist the Department in its compliance with Section 106 of the National Historic Preservation Act of 1966 as amended (16 USC 470), Executive Order 11593, and the Archeological and Historical Preservation Act of 1966 (16 USC 569a-1 et seq.) by (a) consulting with the State Historic Preservation Officer as necessary, to identify properties listed in or eligible for inclusion in the National Register of Historic Places that are subject to adverse effects (see 36 CFR Part 800.8) by the activity, and notifying the Florida Department of Law Enforcement of the existence of any such properties and by (b) complying with all requirements established by the Federal grantor agency to avoid or mitigate adverse effects upon such properties.

**32. The Coastal Barrier Resources Act**

The subgrantee will comply and assure the compliance of all contractors with the provisions of the Coastal Barrier Resources Act (P.L. 97-348) dated October 19, 1982 (16 USC 3501 et seq.) which prohibits the expenditure of most new Federal funds within the units of the Coastal Barrier Resources System.

**33. National Environmental Policy Act (NEPA)**

a. The subgrantee agrees to assist the Department in complying with the NEPA and other related federal environmental impact analyses requirements in the use of subgrant funds by the subgrantee. This applies to the following new activities whether or not they are being specifically funded with these subgrant funds. That is, it applies as long as the activity is being conducted by the subgrantee or any third party and the activity needs to be undertaken in order to use these subgrant funds:

(1) New construction;

(2) Minor renovation or remodeling of a property either (a) listed on or eligible for listing on the National Register of Historic Places or (b) located within a 100-year flood plain;

(3) A renovation, lease, or any other proposed use of a building or facility that will either (a) result in a change in its basic prior use or (b) significantly change its size; and

(4) Implementation of a new program involving the use of chemicals other than chemicals that are (a) purchased as an incidental component of a funded activity and (b) traditionally used, for example, in office, household, recreational, or educational environments.

b. For any of a subgrantee's existing programs or activities that will be funded by these subgrants, the subgrantee, upon specific request from the Department and the U.S. Department of Justice (DOJ), agrees to cooperate with DOJ in any preparation by DOJ of a national or program environmental assessment of that funded program or activity.

**34. Signature Authority**

Both the Subgrant Recipient Authorizing Official or Designated Representative and the Implementing Agency Official, Administrator or Designated Representative who sign the Signature Page have the authority to request changes to the approved agreement. The prior mentioned individuals have authority to sign or make amendments to the Sole Source and the ADP Justification forms. The Project Director has authority to submit requests for approval of specific travel, Financial and Performance Reports, with the exception of the Closeout Package, which also requires the signature by the Chief Financial Officer of the Subgrant Recipient or authorized designee.

**35. Delegation of Signature Authority**

When the authorized official of a subgrant recipient or the implementing agency designates some other person signature authority for him/her, the chief officer or elected official must submit to the department a letter or resolution indicating the person given signature authority. The letter indicating delegation of signature authority must be signed by the chief officer or elected official and the person receiving signature authority. The letter must also specify the authority being delegated.

**36. Personnel Changes**

Upon implementation of the project, in the event there is a change in Chief Executive Officers for the Subgrantee or Implementing Agency, Project Director, or Contact Person, the Department must be notified in writing with documentation to include appropriate signatures.

**37. Supplanting**

The subrecipient agrees that funding under this award will be used to supplement, but not supplant, state or local funds for homeland security preparedness. Costs allocated or included in any other federally financed program must not be included.

**38. Use of Funds**

The subrecipient understands and agrees that it cannot use any funding under this award either directly or indirectly, in support of the enactment, repeal, modification or adoption of any law, regulation or policy, at any level of government, without the express prior written approval of the awarding agency.

**39. Categorical Exclusions**

The subrecipient understands that funding under this award is to enhance its capabilities to prevent, respond to and recover from incidents of terrorism involving chemical, biological, radiological, nuclear or explosive weapons and cyber attack. Equipment purchases for this subgrant are restricted to 18 categories that range from personal protective equipment to search and rescue equipment, to cyber security equipment and related costs. This action consequently meets the OJP's criteria for categorical exclusion as contained in Title 40, paragraph 4(b) of Appendix D to Part 61, CFR. Additionally, the proposed action is neither a phase nor a segment of a project which when viewed in its entirety would not meet the criteria for a categorical exclusion. None of the following activities will be conducted either under this action or a related third party action:

1. New construction
2. Any renovation or remodeling of a property either (a) listed on or eligible for listing on the National Register of Historic Places, or (b) located within a 100-year flood plain.
3. A renovation which will change the basic prior use of a facility or significantly change its size.
4. Research and technology whose anticipated and future application could be expected to have an effect on the environment.
5. Implementation of a program involving the use of chemicals.

**40. Authorized Equipment Expenditures**

The equipment, goods, and supplies ("the eligible equipment") purchased with funds provided under this agreement are for the purposes specified in "Florida's Domestic Security Strategy". Equipment purchased with these funds will be utilized in the event of emergencies, including, but not limited to, terrorism-related hazards. The subrecipient shall place the equipment throughout the State of Florida in such a manner that, in the event of an emergency, the equipment can be deployed on the scene of the emergency or be available for use at a fixed location within two (2) hours of a request for said deployment. The Florida Department of Law Enforcement (FDLE) must approve any purchases of equipment not itemized in a project's approved Initial Strategic Implementation Plan (ISIP) in advance of the purchase.

The subrecipient will, in accordance with the statewide mutual aid agreement or other emergency response purpose as specified in the "Florida Domestic Security Strategy," ensure that all equipment purchased with these funds is used to respond to any and all incidents within its regional response area as applicable for so long as this Agreement remains in effect. Prior to requesting a response, the FDLE will take prudent and appropriate action to determine that the level or intensity of the incident is such that the specialized equipment and resources are necessary to mitigate the outcome of the incident.

The subrecipient shall notify the FDLE Office of Domestic Preparedness at 2331 Phillips Road, Tallahassee, Florida 32308 one year in advance of the expiration of the equipment's posted shelf-life or normal life expectancy or when it has been expended. The subrecipient shall notify the FDLE immediately if the equipment is destroyed, lost, or stolen.

The subrecipient shall not transfer, rent, sell, lease, alienate, donate, mortgage, encumber or otherwise dispose of the eligible equipment without the prior written consent of the FDLE.
